

EMIL TOM JOSEPH

COMPUTER SCIENCE STUDENT
ASPIRING SOFTWARE ENGINEER
CYBERSECURITY ENTHUSIAST

CONTACT

- +91 8075318808
- emiltomjoseph@gmail.com
- Kerala, India
- linkedin.com/in/emiltomjoseph
- github.com/emiltomjoseph

SKILLS

PROGRAMMING LANGUAGES:

- C, C++, Java, Python

CORE COMPUTER SCIENCE CONCEPTS:

- Data Structures, Algorithms, Problem Solving, Complexity Analysis, Object-Oriented Programming (OOP), Computer Networking (Basics), Operating Systems (Basics)

SYSTEMS & TOOLS:

- Linux, Git (Basic), Command Line Interface (CLI), VS Code, Canva, Figma

WEB DEVELOPMENT:

- HTML, CSS, JavaScript

CODING PROFILES

HACKERRANK:

hackerrank.com/profile/emiltomjoseph

LEETCODE:

leetcode.com/u/emiltomjoseph

CODECHEF:

codechef.com/users/emiltomjoseph

AREAS OF INTEREST

- Competitive Programming
- Cybersecurity
- Distributed Systems
- Cloud Computing
- Systems Programming

PROFESSIONAL SUMMARY

Computer Science student specializing in Cyber Security with a strong interest in algorithms, problem solving, and systems programming. Experienced with C, C++, Java, Python, Linux environments, web development, and UI/UX design. Passionate about competitive programming, building technical projects, and developing efficient, scalable, and user-focused solutions to complex problems.

PROJECTS

Linux File Backup Automation

- Developed a Bash script to automate backup of files and directories on Linux systems.
- Implemented efficient file handling and scheduling for reliable system backups.

Basic Network Scanner

- Built a Python-based network scanner to detect open ports and analyze network services.
- Implemented socket programming to explore networking and basic security concepts.

Mini Storage System

- Designed a simple file storage system simulation to manage storage and retrieval across directories.
- Demonstrated concepts of system organization and data handling.

TECHNICAL ENGAGEMENT & PARTICIPATION

- NASA Space Apps Challenge – Hackathon Participant
- Google Developer Programs – Community Participant
- Google Cloud Skills Program – Cloud Learning Program
- Young Innovators Programme (Kerala) – Innovation Initiative Participant
- Kaggle (Google) – Exploring data science datasets and competitions
- IEDC Startup Summit – Participant

EDUCATION

B.Tech in Computer Science & Engineering (Cyber Security)

Amal Jyothi College of Engineering, Kerala | 2025 – Present

Higher Secondary – Computer Science

St. John the Baptist's HSS Nedumkunnam | 2023 – 2025
